1. The railroad bridge between Podbanj (Sheet 117/J1470) and Grizani (Sheet 117/J2516) in the Novi Pazar area has been completed and opened to traffic.
2. An important road bridge is under construction at Crkvenica (Sheet 72/E3883) near the Rumanian border.
3. In the neighborhood of Sarajevo (at the point Sheet 98/R5884), a bridge is being built over the Miljacka river on the Sarajevo-Celjigovici road.
4. A tunnel, which will be 144m in length, 9m in height, and 15m in width, is being constructed under Mount Sabica (Sheet 95/Q6748).
5. The Planning Committee of the Slovene Ministry of Communications is at present studying plans for the construction of a railway line between Postumia and 50X1-HUM Aidussina designed to link Ljubljana directly with Gorizia. The "Slovenska Primorje Youth Movement" is building a road between Ajsevoica [redacted] and Gagar [redacted] which will link Gagar directly with the Vipacco valley. [redacted]
6. A narrow gauge railroad which will be 9km in length is being constructed between Osijek and the slopes of Mount Papuk (Sheet 32/F8065). This line will be used to carry timber from the Papuk woods to the industrial center of 50X1-HUM Osijek and will also link Mount Papuk with the regular rail network. Work on the railroad was scheduled to have been completed by 1 January 1947.
